

Keynote Lectures and Invited Talks

Outstanding lectures encompassing various fields of advanced engineering ceramics and composites are planning. The speakers are internationally invited from several countries.

Main Topics

- Mechanical properties of ceramics, composites and porous materials
- Coatings to resist wear, erosion and tribological loadings
- Fiber, matrices and interfaces, CMCs
- Transparent ceramics
- Ultra high-temperature ceramics and ternary compounds
- Tribological behaviors
- Heat and corrosion resistances
- Thermal and environmental barrier coatings
- Processing - microstructure - mechanical properties relations
- Joining and machining of ceramics and composites
- Functionally graded materials and systems
- Mechanics and characterization techniques

Call for papers and Abstract Submission

Contributors are requested to submit an abstract. Accepted papers will be presented in the conference either oral or poster sessions. The abstract must be received by June 15, 2019.

It will be reviewed by the symposium organizers and the notification of acceptance will be sent to the authors by the end of July 8, 2019.

Organizer and Co-Organizer

Conference Language

English is an official language of the symposium. Abstracts, manuscripts and posters will be presented in English.

Publications for AOCF-8

Selected manuscript will be invited to submit for publication in Journal of Metals, Materials and Minerals (JMMM), indexed by Scopus, emerging Sources Citation Index (ESCI), ASEAN Citation Index (ACI).

Registration Fee

	Early-bird	Onsite fees
Member	USD 250/THB 7,500	USD 300/THB 9,000
Non-member	USD 200/THB 6,000	USD 220/THB 6,500
Student	USD 150/THB 4,500	USD 170/THB 5,000

Venue and Accommodation

IMPACT is a preferred place for this event offering flexibility, luxury and integration of its facilities and services.
