Advancing Materials Innovation for a Sustainable Future

MSAT-13 is one of Thailand's premier international conferences in materials science, advanced manufacturing, sustainable technologies, road safety innovation, and health-related materials and technologies.

The conference brings together leading researchers, industrial innovators, policymakers, technology providers, and young scientists from Thailand and around the world.

Sponsorship at MSAT-13 provides an excellent opportunity to:

- Enhance your brand visibility
- Showcase products and technologies
- Connect with key decision makers
- Build strategic partnerships
- Recruit future talents
- Support scientific and technological advancement
