

TCPC 2017

Presenter: Dr. Chang-Ching Sun, Outokumpu

Dr. Chang Ching Sun has near 30 years experiences in research, production, technical marketing and sales of stainless steels – particularly in high performance stainless steels. Dr. Sun is graduated at Norwegian University of Science and Technology (NTNU) in 1988 and has worked in different positions within Outokumpu. Dr. Sun had worked more than 10 years in R&D Center in Avesta, Sweden, involving many projects developing high alloyed stainless steels. He has joined many international conferences and given many speeches over the years. Currently Dr. Sun is the global Product Manager for Outokumpu.
